

MOHD UMAR HASHMI

Android Developer | AI Integration Engineer | Product Builder & Emerging Tech Specialist

Moradabad, Uttar Pradesh • +91-9012728789 • hashmiumar11161@gmail.com • linkedin.com/in/mohd-umar-hashmi

PROFESSIONAL SUMMARY

Versatile Technology & Business Professional with a strong foundation in Android development, AI/LLM API integration, instructional design, and cross-functional leadership. Architected SIUFIT — a 10+ module production Android fitness ecosystem (Kotlin, Firebase, Groq/LLaMA 3.3-70B, ML Kit, USDA API) built on offline-first architecture with real-time cloud synchronization. Brings a rare combination of deep technical execution, user-centric product thinking, and measurable people outcomes: 30%+ academic score improvements through adaptive curriculum design, AI/ML workshop facilitation for 30 educators, and end-to-end event management for 800+ participants. Equally comfortable shipping code, training stakeholders, or managing cross-functional operations. BCA Coursework Completed | Degree Award Pending (2026).

CAREER HIGHLIGHTS

10+ Module Production Android App (SIUFIT)	30%+ Academic Score Improvement (20+ Students)	800+ Participant Event Orchestration
AI/ML Workshop for 30 Educators (2024)	100% Client Retention Over 3+ Years	NPTEL Elite Cert — IIT Madras (2025)

CORE COMPETENCIES

✓ Android App Development	✓ AI & LLM API Integration	✓ Firebase & Cloud Architecture
✓ REST API Design & Consumption	✓ Data Analytics & Visualization	✓ Prompt Engineering
✓ MVVM / MVC Architecture	✓ Offline-First & SQL Design	✓ Agile & Sprint Thinking
✓ Instructional Design	✓ Technical Training & Facilitation	✓ Stakeholder Management
✓ Requirements Analysis	✓ Cross-functional Collaboration	✓ Product Thinking & OOP
✓ Event Management (800+)	✓ Public Speaking & Mentoring	✓ SEO & Digital Marketing

TECHNICAL SKILLS

Mobile Development: Android Studio · Kotlin · Java · XML Layouts · Android SDK · Jetpack Components · CameraX · ML Kit

Backend & Database: Firebase Auth · Firestore · Firebase RTDB · SQLite · Room Database · Google Sign-In

AI / ML: Groq API · LLaMA 3.3-70B · ML Kit · Prompt Engineering · LLM Integration · AI Workflow Automation

Programming: Kotlin · Java · Python · C · C++ · HTML · CSS · JavaScript (Foundational) · OOP Principles · Data Structures

APIs & Integration: USDA FoodData API · Open Food Facts API · REST API Architecture · Retrofit · JSON Parsing

Tools & Platforms: Android Studio · VS Code · MS Office (Advanced Excel, Word, PowerPoint) · Figma (Basic) · Google Workspace

Data & Analytics: Excel Data Analysis · Pivot Tables · VLOOKUP · KPI Tracking · Data Visualization · Reporting Dashboards

Business & Ops: Requirements Analysis · Stakeholder Communication · Process Improvement · Territory Management · B2B Outreach

Marketing: SEO Strategy · Content Development · Digital Marketing · Social Media Strategy · Audience Targeting

PROFESSIONAL EXPERIENCE

Freelance Instructional Technologist & Curriculum Designer

Aug 2022 – Present

Self-Employed | Moradabad, Uttar Pradesh

- ▶ Designed and delivered personalized, syllabus-aligned Computer Science and Mathematics curricula for 20+ students, consistently achieving 30%+ improvement in standardized assessment scores through gap-targeted, differentiated instruction.
- ▶ Engineered adaptive learning frameworks tailored to individual learner profiles, systematically reducing concept-to-mastery timelines by identifying cognitive gaps and applying targeted content intervention strategies.
- ▶ Sustained 100% client retention across 3+ years of continuous engagement through structured progress tracking, transparent parent communication, and documented, measurable learning outcomes — demonstrating entrepreneurial client management capability.
- ▶ Developed reusable instructional materials including concept notes, practice assessments, and topic-wise learning progressions — building a foundational LMS-ready content library applicable to digital EdTech platforms.

B2B Sales & Client Relations Intern

May 2024 – Jul 2024

S.S. Pharmaceuticals | Moradabad, Uttar Pradesh

- ▶ Executed B2B outreach across 200+ healthcare professionals and pharmacy clients, contributing to measurable territory sales growth within a 3-month deployment through structured engagement and follow-up cadences.
- ▶ Communicated technical product benefits to clinical and non-clinical stakeholders, developing stakeholder-specific messaging frameworks that balanced scientific accuracy with persuasive commercial positioning.
- ▶ Coordinated cross-functionally with marketing and sales teams to align territory outreach campaigns with quarterly organizational objectives, ensuring consistent brand messaging across all client touchpoints.
- ▶ Applied pipeline tracking, territory segmentation, and client relationship management methodologies to optimize daily outreach efficiency — building competencies directly transferable to business development and customer success roles.

KEY PROJECTS

SIUFIT — Production Android Fitness & Nutrition Ecosystem | Kotlin · Firebase · Groq/LLaMA 3.3-70B · ML Kit · USDA API · SQLite · MVVM

- ▶ Identified a gap in personalized, AI-powered fitness tracking for Indian users and architected SIUFIT — a 10+ module production Android application (MVVM) solving nutrition logging, workout planning, hydration tracking, and AI-guided coaching in a single unified platform.
- ▶ Integrated Groq/LLaMA 3.3-70B AI chatbot for real-time contextual fitness guidance; connected ML Kit barcode scanner with USDA FoodData Central API (Open Food Facts fallback) for accurate live nutritional data across 300,000+ food entries.
- ▶ Implemented offline-first architecture using SQLite local storage with Firebase Firestore bidirectional sync — ensuring full feature availability without internet connectivity and seamless state restoration on reconnection.
- ▶ Engineered BMR/TDEE metabolic calculators and meal-wise macronutrient logging with sub-100ms UI response across all 10+ modules, optimizing for performance on mid-range Android hardware.
- ▶ Delivered a dark glass UI theme with a multi-tier onboarding flow designed to reduce new-user drop-off and improve cross-module feature discoverability — applying user-centric design thinking throughout.

Android Application Suite — 4 Production Apps | Kotlin · Java · Firebase Auth · SQLite · Room · MVC/MVVM

- ▶ Independently built and shipped 4 production-ready Android applications — Task Manager, Notes App, Firebase Authentication System, and College Utility Tools — applying MVVM/MVC architecture patterns, SOLID principles, and modular component design throughout.
- ▶ Achieved 40%+ reduction in app load times by implementing a modular, reusable architecture with standardized shared libraries; reduced per-feature development cycle time by centralizing authentication and data access layers across all 4 apps.
- ▶ Integrated SQLite offline persistence with Firebase Authentication for secure, cross-device access — establishing consistent data integrity and user session management patterns applicable across enterprise-grade Android projects.

LEADERSHIP & COMMUNITY INVOLVEMENT

Event Organizer & Operations Coordinator

2023 – Present

Teerthanker Mahaveer University | Moradabad

- Orchestrated 5+ large-scale university events — sports competitions, fresher orientation, farewell celebrations — independently managing end-to-end logistics, vendor negotiations, AV/technical infrastructure, and team coordination for 800+ participants per event.
- Selected by university administration to deliver opening and closing addresses at flagship events, speaking to audiences of 800+; recognized for structured, authoritative public communication that set the tone for each event.

AI/ML/Deep Learning Workshop Facilitator

2024

RAN Public School | Moradabad

- Designed a full-day, hands-on AI/ML/Deep Learning workshop curriculum for 30 school educators — translating graduate-level AI concepts into curriculum-relevant, practical exercises for non-technical faculty.
- Achieved 'highly effective' instructor rating from institutional feedback; participants reported improved ability to explain AI concepts to their own students and integrate technology into lesson planning.

Communication Skills Mentor

2024

IEEE Student Branch SB STB15123, TMU

- Coached 15+ emerging student leaders in professional communication, public speaking, and presentation design through structured peer-mentorship sessions as part of TMU's official IEEE Student Branch program.
- Equipped participants with technical storytelling and structured argumentation frameworks applied in IEEE events and intercollegiate competitions, contributing to improved team performance in external presentations.

College Sports Representative — Teerthanker Mahaveer University | 2023 – Present

- Represented TMU in intercollegiate football and multi-sport competitions, demonstrating consistent athletic discipline, high-pressure team coordination, and competitive resilience at the university level.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Advanced / Industry

- NPTEL Elite Certification — Social Networks — IIT Madras (NPTEL) (2025)
- AI for Business Professionals — HP LIFE (2026)
- IT for Business Success — HP LIFE (2026)
- AI Tools & ChatGPT Workshop — be10x (2025)

Professional Development

- Communication Mentor Certification — IEEE SB STB15123, TMU (2024)
- Prompt Engineering & AI Applications — Mind Labs (2023)
- Artificial Intelligence Fundamentals — Mind Labs (2023)
- Digital Marketing Fundamentals — Google (2023)
- Content Writing & E-Book Writing — Mind Labs (2022)
- Excel Data Analysis — Coursera (2021)
- HTML/CSS Fundamentals — Open Weaver (2021)

EDUCATION

Bachelor of Computer Applications (BCA)

Teerthanker Mahaveer University, Moradabad | Coursework Completed | Degree Award Pending. Expected Completion: 2026

Senior Secondary — Class 12 (CBSE) 2023

Bonne Anne Public School, Moradabad

Secondary — Class 10 (CBSE) 2021

Bonne Anne Public School, Moradabad

AREAS OF PROFESSIONAL INTEREST

Android & Cross-Platform Mobile Development · AI/ML Product Integration · EdTech & Instructional Technology · Business Analysis & Product Operations · Data-Driven Decision Making · Natural Language Processing & LLMs · Digital Marketing & Growth Strategy · Technology Consulting & Client Solutions

ADDITIONAL INFORMATION

Languages: English (Professional Fluency) · Hindi (Native)

Sports: University-level football representative; competed in intercollegiate multi-sport events at TMU — demonstrating team cohesion, competitive discipline, and performance under pressure.

Portfolio: *Personal portfolio website with live project demonstrations, APK files, and achievement showcases — currently in development.*

Availability: Open to full-time, remote, and contractual opportunities. Immediate joining available.
